1988 May 25th Presidents Report to Annual General Meeting

By President Roy Whittaker

A small extract from the end of the report

Committee Chairman, I fully understand that it has been difficult for you to grasp the details as to exactly what each committee should be doing but I am sure now that you enter your second term of office everything is getting clearer.

Vocational Service, Graham we are deeply indebted to you for the Charity Ball success, and we are looking forward now to some organised outings of interest.

Community/Foundation Service, Vince and David a lovely Musical Evening and we hope to be doing more functions involving the community.

Fellowship, Graham our gratitude for taking on the Chairmans job from Frank and I am sure you are now going to have a busy year.

International Service, Les there are so many projects under this heading, but I feel you have made the right approach and taken time to determine which projects we can best support.

I always leave this rotarian to last, Speaker Secretary, Sergeant at Arms Norman, has done a great job by always making sure we have a speaker and this is a very time consuming exercise involving lots of telephone calls. We must be the only Club in the District who have members paying fines by direct debits. We now have a rich Club and very poor Rotarians.

Collectively Gentlemen you have all helped to make the Rotary Club of Burntwood a very good, happy fellowship association of which I am proud to be a member.
